160 Colleges	**9 Elites**	**$0 EFC Safe**	**Zero-Cost Apply**
Audited Directory	100% Need-Blind Int'l	Dhaka Embassy 214(b) Ready	Free App & ISFAA Guides

1. Essential Strategic Rules for Bangladeshi Applicants

Rule 1: The $0 EFC Mandate & Visa Clearance	At the US Embassy in Dhaka, consular officers scrutinize student finances under INA Section 214(b). If an applicant's I-20 form displays an unmet funding gap of $15,000–$25,000, visa refusal is near-certain without documented high-volume parental assets. Every primary college in this directory meets 100% of demonstrated need or awards verified full-tuition/full-ride merit scholarships, resulting in an I-20 that states: *'Family Contribution: $0 | Institutional Scholarship: $85,000+'*.
Rule 2: $0 Application & Financial Aid Cost Protocol	Never pay application fees ($75–$90/school) or CSS Profile fees ($25 initial + $16/school). On the Common Application, select the **Common App Fee Waiver** (verified by your school counselor). For financial aid, prioritize colleges that accept the **Free ISFAA PDF** uploaded to your portal, Princeton's free PFAA portal, or request an institutional CSS Profile fee waiver code from admissions offices.
Rule 3: Standardized Testing & November 7 SAT Strategy	Scores from the November 7 SAT release on November 20–21. For **November 1 Early Action (EA)** and **Early Decision (ED1 at Bowdoin)**, submit as **Test-Optional**. If your verified score is **1530+ (Math 790–800)**, log into your applicant portals around November 21 and upload your score report. If the score is lower, leave your application test-optional. Use the verified score for December 1 Merit and January RD.
Rule 4: Study Gap Justification (Post-HSC Timeline)	Consular officers in Dhaka aggressively question study gaps post-HSC. A study gap is converted into an asset by presenting verified academic and technical deliverables: published research papers or pre-prints, national science or programming Olympiad accolades, hackathon awards, active open-source code repositories, and documented community leadership.

2. Strategic Admissions Round Execution Roadmap

Early Action (EA) (Non-Binding)	Nov 1 – Dec 1	Test-Optional / Nov SAT	UChicago, Denison, DePauw, Wooster, St. Olaf, Knox, Soka, Reed, Colorado	Submit 8-12 non-binding EA applications. $0 application fees and free ISFAA at Denison, DePauw, Wooster, St. Olaf.
Premier Merit (Non-Binding)	Nov 15 – Dec 1	Nov 7 SAT (1550+)	Robertson (Duke/UNC), Richmond Scholars, Stamps (Miami), UT Dallas AES	Awards full funding based on academic excellence, bypassing need-aware financial aid limits.
ED2 Backup Shot (Binding)	Jan 1 – Jan 15	Verified 1550+ SAT	WashU, Vanderbilt, Carleton, Grinnell, Lafayette, UChicago ED2	If Bowdoin ED1 defers/rejects in mid-Dec, pivot immediately to an ED2 target with verified SAT.
Regular Decision (Full Sweep)	Jan 1 – Feb 1	Verified 1550+ SAT	9 Need-Blind Elites (Harvard, Princeton, Yale, Dartmouth, Amherst, Brown, Notre Dame) + 30 LACs	Submit 25-30 applications across colleges meeting 100% need with full fee waivers.

3. Dhaka Embassy F-1 Visa Protocol (INA § 214(b) Mitigation)

Consular Officer Question	Why the Officer Asks It & Recommended Verbal Script
'Who is sponsoring your education in the United States?'	**Officer Objective:** Looking for unverified local bank balances or borrowed sponsor funds. **Winning Answer:** *'I was awarded a full scholarship by [University Name] covering 100% of my tuition, room, board, and health insurance based on my academic excellence and software engineering achievements. My family has zero financial burden.'* (Present official award letter).
'What have you been doing since completing your HSC / A-Levels?'	**Officer Objective:** Interrogating study gaps post-HSC to check if you were idle or working without authorization. **Winning Answer:** *'I spent this period conducting advanced academic research, developing open-source software platforms, competing in national programming contests and Olympiads, and teaching technology skills in my community. These projects deepened my practical expertise and solidified my preparation for undergraduate study in the United States.'*
'Why did you choose this specific university?'	**Officer Objective:** Testing whether you are a genuine student who researched the curriculum. **Winning Answer:** *'I chose [University] because of its dedicated undergraduate research facilities, faculty mentorship in my major, and its commitment to fully funding international scholars.
